### Experience Five Core Approaches & Values that Help You Achieve Your Lifetime Goals

**1** Estate planning strategies are woven throughout all recommendations.

Your success, and that of your children and grandchildren, are of upmost importance.

**2** Unbiased, objective advice and services are paramount. As independent financial advisors, we do what's best for you, with no pressure to sell in-house products or meet sales quotas.

**3** A money management philosophy that helps you obtain market-like returns while managing downside risk.

**4** As financial professionals, we wear two hats: wealth manager and financial planner. As wealth managers, we help you manage your assets to reach your goals. Still, even wealthy people can run out of money. That's why we also wear our financial planner hat, to help you reduce the risk of running out of money.

**5** A deeply passionate work ethic centered on you, your family and your goals!
