

# Broker Mediation Agreement

## I. Intent of Plaintiff's Counsel.

It is the intent of plaintiff's counsel that if a settlement is reached, and should they choose to fund a structured attorney fee product or should their client choose to fund a structured settlement or other financial product, Ryan J. Garrison of Garrison Settlements ("broker") will be the sole broker of record and will work with all parties in order to fund tax-deferred attorney fee products, structured settlements, qualified settlement funds or any other financial products as they or their injured client may desire.

All parties will continue to be bound by this agreement through settlement; whether by trial, mediation or other alternative dispute resolution. If the defense wishes to involve their own structured settlement broker or financial advisor, they may do so by giving notice to the mediator and all other parties by completing section II by the end of the first day of mediation.

## II. Opportunity for Involvement of Defense Broker.

If applicable, please confirm the name and company of the defense broker below.
