

A Magical Day!

Allison's Dream Wedding!

On May 3rd, under incredibly blue skies and the canopy of 100 year old live oak trees, my beautiful daughter, Allison, had her "dream wedding" as she became Mrs. Ryan Rubin in Hilton Head, South Carolina!

Allison and Ryan were originally introduced by friends back in January 2008, when Allison was still at Auburn completing her college degree, and Ryan was in law school. Their five year courtship culminated in an amazing day at the Honey Horn Plantation in Hilton Head in front of about 150 friends and family.

The weather was "touch and go" as a storm system seemed to hover throughout the southeast that whole week, but about 90 minutes before this outdoor

ceremony was supposed to get underway, the weather broke, the sun came

out and I'm pretty sure the birds began to sing as well!

The happy couple have taken up residence in Smyrna with their two cats (Penny and Rigby) and Allison is still here in the office, although now that the big day is behind her, she may actually be able to get back to working on something other than her wedding!

Ryan has chosen a very interesting career path - honestly, a lifelong ambition - as he has started his own sports agency business representing professional athletes! Currently he has four football players who have contracted with him to help them land tryouts with

Strategic Partner Profile:

Bob & Kimberley Goldberg

Meet our very good friend and “strategic business partner” Bob Goldberg. Bob is a local attorney who has been specializing in Estate Planning and Elder Law since 1999. Many of you have already met him, but for those that have not yet had the privilege to do so, let’s make the introduction.

Bob grew up in Paramus, New Jersey and in his senior year of high school he received a Senatorial appointment to the United States Military Academy at West Point where he graduated with a Bachelor's of Science degree. After completing five years of active-duty Army service, Bob attended the University of Michigan Law School. Upon graduation, Bob worked for five years with prestigious law firms in Kentucky and Pennsylvania as a commercial litigator.

Since 1995, Bob has been in private practice. He currently shares his time working out of his Peachtree City office and his Farmhouse in Williamson, GA. Bob is a member of several professional organizations including the National Academy of Elder Law Attorneys and the Georgia Alzheimer Association's Speaker's Bureau, and is accredited by the Veterans Administration.

Bob has been married to Kimberley for the past 19 years. They initially met at a Barnes & Noble bookstore in Buckhead but didn't start dating until the following year. After just 2 months of getting to know each other, they decided that marriage was in the cards and the rest is history. Several years after they were married they noticed that the bookstore was holding a "Most Romantic Couple" contest. They decided to enter, and told the story of how they had met and as luck would have itthey won! And the prize? A cappuccino machine!

Since their marriage, Bob and Kimberley have been working side by side. Kimberley is the Office Manager and sees to it that the day to day details are attended to and that the office runs smoothly. In her spare time she enjoys cooking, floral design and she loves animals. Bob enjoys all sports, running and reading. Bob and Kimberley have two sons, Simon and Seth; who attend Starr's Mill High School and are both tennis players. A favorite family past time is traveling to their matches and cheering them on. Remember I mentioned that Kimberley loves animals? Well they have 9 cats on their farmhouse and 2 dogs; Henry and Jewel. One of those cats, Miss Kitty, is the official office hostess who warmly greets all who enter. They also have a water frog named Prince, but I will save that story for Bob to tell when you meet him in person someday.

Recently we all went bowling as a “Team Building” exercise. I thought everyone might be interested in seeing the results!

	Game 1	Game 2	Game 3	Total
Linda	122	147	159	428
Ray	137	146	120	403
Jennifer	99	114	134	347
Allison	98	62	79	239

Make sure you congratulate Linda next time you're in the office or talk to her on the phone! She certainly kicked my butt!

Meet Andrea Zayas!!

She is the very first recipient of the Dunlap Wealth Strategies \$1,000 scholarship awarded to a deserving local high school student who plans on studying Finance in college. Andrea is a recent graduate of McIntosh High School in Peachtree City and will be attending the University of Georgia in the Fall. She was born in Puerto Rico and came to this country just three years ago, with only a very basic familiarity with English. Still, she flourished in high school and consistently ranked near the top of her class.

We will be keeping an eye on her as she starts this new chapter in her life, and we are thrilled to have Andrea as our initial scholarship recipient . . . and wish her nothing but success in her new Athens adventure!

National Football League teams. Now in his second year, he is confident that at least one, and hopefully more of his players, will make an NFL roster, which would put him on his way toward actually achieving his life-long dream!

In fact, the “happy couple” had to postpone their honeymoon because the NFL Rookie Draft came only days after

their wedding ceremony . . . and, as you can imagine, that is the very busiest time of the year for any sports agent, especially one just trying to gain a foothold into a tough industry.

So, they are postponing their trip until July, when they will go to St. Lucia. Allison tells me that the hotel they’re stay-

ing at is very unique - each guest room has only three walls! That’s right, one wall is completely exposed to the outside . . . apparently to give each guest an amazing view of the mountain range adjacent to the hotel. It should be a very unique and memorable way for them to top off a truly magical experience!

Ryan
