

The University of North Florida Honors Bruce Ogier

Jacksonville, Florida (October 5, 2013) – Jacksonville financial planning firm Capital Analysts of Jacksonville, Florida, Inc. is proud to congratulate Bruce Ogier for being recognized as one of this year’s University of North Florida’s (UNF) Presidential Medallion honorees. Mr. Ogier, President of Capital Analysts of Jacksonville, is an alumnus of the University of North Florida and has been heavily involved with UNF for many years.

Since his graduation in 1974, he has encouraged growth and positively impacted the students and faculty of UNF and the Jacksonville community. One of his most inspiring projects is the Frederick and Ophelia Tate Ogier Gardens, a dynamic, life-skills teaching opportunity for students to learn much more than just how to grow organic edible plants. Since its inception, the Gardens have provided educational opportunities as well as fresh produce for students and members of the UNF community. He also played an important role in founding the Student Affairs Community Council, an organization dedicated to addressing the diverse needs of students and creating opportunities for the community to support UNF.

The Presidential Medallion is the highest form of non-academic recognition awarded by the University of North Florida and is given annually to recognize both alumni and friends who have given their time and talents to UNF. A luncheon to honor Mr. Ogier and the other recipients was held at noon on Tuesday, October 1 at the UNF Adam Herbert University Center. “Today was a wonderful event at the University of North Florida,” Mr. Ogier said following the event. “Some of the past honorees are the core of our city’s foundation and community. It is humbling to be named among them.” Previous honorees include Mary Virginia Skinner Jones, C. Brightman Skinner, Ann and David Hicks, Adam Herbert, George and Kernan Hodges, Thomas Carpenter, Luther Coggin, and Mel and Debbie Gottlieb.

The University of North Florida has been working hard to educate and facilitate the growth of students for over forty years. UNF – No one like you. No place like this.
